Taking a chance... Stepping out on that limb
Not knowing or thinking, if you'll sink or swim.

Overcoming the fear that you feel inside
Once you can do that it fills you with pride.

Asking advice from those who know more
They all nod approval when you take the floor.

Shaking with fear that happens to some
But with encouragement, it's soon overcome.

Take it from others; who have been where you are
It takes lots of practice but soon you'll go far.

Making it happen, it's all up to you
Taking a chance can make some dreams come true.

A lot of those fears you can keep them at bay
Each person is different in their own way.

Standing and talking in front of a crowd
The first time you do it, it makes you so proud.

Taking a chance by making a speech
Just think of the hundreds of people you'll reach

Each person is nervous, I can't think of one
Who thought their first speech would be easy or fun.

Remember we're with you; we'll help you get through
Just know that we're here, and we're rooting for you.

Stepping out on a limb, and speaking out loud
Is something that makes... All us Toastmasters proud.
